Description

- Covers entire drum top to minimise drips and spills; cut-out on one side allows access to 3/4" bung for use of pop-up liquid-level gauge to prevent overfilling
- Fits almost any 210-litre, tight-head steel or poly drum; no need to stock multiple sizes of funnel
- Thick, double-wall polyethylene construction resists UV rays, corrosion and most chemicals
- Level inside surface allows easy draining of containers, parts or filters
- High 10cm sidewalls provide added splash protection

Warnings & Restrictions : NOTE: Not suitable for flammables. Check for chemical compatibility
