## Description

- Contain leaks and spills around your machinery without building expensive cement curbs or cutting and installing angle iron
- PIG Build-A-Berm Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need - indoors or out
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- High-visibility yellow colour draws attention to barrier for increased safety
- 15cm-high barriers are ideal for surrounding high-capacity storage tanks
